SYDNEY MELBOURNE BRISBANE

PROJECT TIMING (500SqM to 1,000SqM)

Our service considers a Worst Case project timeline incorporating all Construction Probity tasks for a new 500SqM to 1,000SqM commercial office fit-out.

The following schedule provides an indication of tasks for the entire project to the anticipated Target Occupation Date and should only be used as a guide.

Transaction Management
 Independently Negotiating Space

Note: Project timelines will vary according to the type of fit-out required, ratio of open to enclosed plan environments, technical requirements and industry holidays.

In all cases TRS will create a suitable project timeline to meet with your requirements.
